Hal,

I missed you, again!
Enclosed \$20 for two copies
of your new book.

Heard you on TV. You were
magnificent. (That little pig to
the contrary notwithstanding.)

Quax is coming out in a few
days. Press release enclosed.

Call next time you're in town.
Regards to your wife.

Truly yours, J.R. Kennedy

3/29 Thanks for everything. If you
do not get the books soon, let
me know. I had to buy two press
copies in DC last week and I swapped
them these for the two they were
to send you immediately instead of
repaying me the cost. ~~But~~ Believe
it or not, I still haven't gotten
my copies. They now say they were
shipped 3/22, which should have gotten
them here by native bearer! Despite what
I missed when I shouldn't have, what I
took when I shouldn't have, and softness
when I should have been harder, I think
there will be no more confrontations with
me on this subject. I found out when Percy
Foreman bolted. When the makeup man told
him he'd be facing me. The makeup man
told me Thursday, while making me up.
Jerry probably told you rest. Minor SCCL
interest (1½ hrs by phone as soon as show
was over) is a little encluraging. Again
Thanks. Be there again couple weeks. H
